Dietary preferences: Which if any of the following foods do you NOT eat?

___ red meat ___ chicken ___ fish ___ dairy

other: _____

Other strong dietary needs or preferences that we should be aware of:

Village Harmony has a no tobacco/no recreational alcohol/no drugs policy which we expect everyone to take very seriously. Aside from the legal issues surrounding substance abuse is the resulting disruption of the social balance of the group and the damaging of trust between campers, leaders and host families.

*NOTE: At international camps wine or beer may customarily be served at meals to minors, and we expect everyone to be responsible about their consumption of alcohol. **Parents of minors must specifically note below if they will NOT permit their son/daughter to drink alcohol at mealtimes during Village Harmony international camps.***

By signing below you agree to refrain from using alcohol or drugs recreationally while at any VH camp.

The consequences of violating this agreement include being told to leave camp in mid-session and being barred from future involvement in Village Harmony activities. Parent signature indicates agreement with this policy.

Signature of Camper _____

Signature of Parent _____
